PROFESSIONAL SUMMARY

Software Engineering graduate with 1+ year of hands-on experience across software development, game production, project coordination, and 3D digital content. Skilled in C#, Unity, UI/UX development, gameplay programming, JSON data persistence, 3D environment design, cross-functional coordination, and delivery against milestones.

PROFESSIONAL EXPERIENCE

Software Developer (Unity) Aiqona Productions	Aug 2025 - Sep 2026
- Developed modular UI/UX systems and user-friendly interfaces in Unity. - Bridged programming and 3D art workflows using Unity and Autodesk Maya. - Engineered JSON-based data persistence and technical solutions for gameplay systems.	
Production Manager Aiqona Productions	Aug 2025 - Sep 2026
- Coordinated Programming, Art, Marketing, and Finance to keep production aligned. - Managed the end-to-end production lifecycle, task allocation, and milestone delivery. - Represented the studio at industry events, pitching projects and engaging stakeholders.	
Operations & Development Intern WNDR Group, Riyadh	Jan 2025 - Aug 2025
Implemented interactive systems, bug fixes, UI features, and AI behaviors within a fast-paced team.	
3D Environment & Concept Designer Freelance / Self-Employed, Online	Jan 2021 - Dec 2022
Created client-focused 3D environments and game-ready visual assets while managing end-to-end communication.	

SELECTED PROJECTS

Pizza Knight: Out To Deliver Project Manager / Game Developer / 3D Artist	Aug 2025 - Sep 2026
- Led production and technical development of a rogue-lite action game in Unity; built gameplay, UI architecture, and JSON persistence systems. - Coordinated programming, 3D art, and game design workflows and showcased builds at Indie Games Day and gamescom.	
While He Seeks Game Designer / Game Developer - developed an integrated multiplayer interactive system.	
Sari Game Game Designer / Game Developer - executed full-cycle in-house development including 3D modeling and environment design.	

EDUCATION

Bachelor of Software Engineering University of Hail, Hail, Saudi Arabia	Aug 2020 - Aug 2025 GPA 3.4/4
Game Development Bootcamp Vertex School, Online - Saudi Digital Academy collaboration	May 2020 - Sep 2020

TECHNICAL SKILLS

C# | Unity Engine | Gameplay Programming | UI/UX Architecture | JSON Data Persistence | Git / GitHub | NavMesh AI |
Autodesk Maya | Substance Painter | 3D Environment Design | CI/CD & Docker | Process Automation

CORE STRENGTHS & LANGUAGES

Cross-Departmental Coordination | Problem Solving | Teamwork & Collaboration | Communication | Time Management | Public Representation & Pitching
Arabic: Native | English: Professional
